PROFILE

Motivated and detail-oriented BCA graduate with a strong foundation in web development, programming, and database management. Through academic training and hands-on projects, I've gained the ability to design and implement efficient, user-friendly web applications. I thrive in collaborative environments where I can contribute to building scalable solutions and enhancing user experience. Confident in my problem-solving skills and eager to grow in the tech industry, I bring a positive attitude and a willingness to continuously learn and adapt. I look forward to contributing to teams that value innovation, clean code, and practical application of technology—and to growing as a Full Stack Developer through impactful real world work.
